

"I feel our relationship is probably tangential."

"Oh. You mean....?"

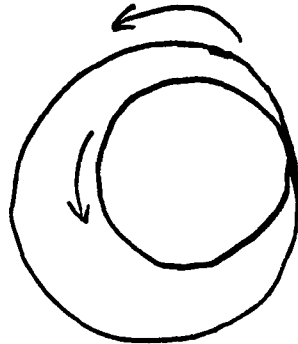

But of course!

Wait!

or

and

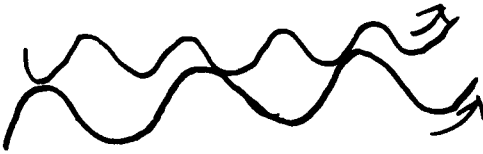

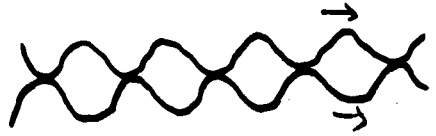

How decorative!

This is delicious!

Can you feel how rhythmically sinuous?

Altogether  
too mechanical  
but

aha!  
Bumpy but  
in contact.

How stupid of me! We are Spinals!

I'm a little bit different from you, so  
although together, we move separately,  
often in opposite directions.

Tangential! How profound!

How beautiful! "
