

I have had a very bad experience and need to journey through madness without recourse to (tranquilizer) drugs to permit a natural healing process to evolve. If you are prepared to help to contain me, please write to Kenneth Millar, Samye Ling Tibetan Centre, Eskdalemuir, Near Langholm, Dumfriesshire.

**ALFONSO** - je m'appelle, 30 ans, maître d'hôtel. Je voudrais avoir une correspondance culturelle en français ou en italien avec des femmes et des hommes de votre association. Je suis compositeur, auteur de chansons et j'aime tout ce qui regarde le romantisme.

Dr. Girolamo Alfonso, Via Giulio Cesare 119, 80125 Naples, Italie.

### **Letter To An Absent Wife**

Somewhere in that labyrinth of sperm and marrow  
We once were content with all things.  
We turned the clock to the wall  
So it counted to itself.

Those I've known since all become you.  
So I sleep with you still  
When I lay down in ashes  
And make love with the dead.  
There is no escaping you.
