Dear S&S,

I met Petruska in 1993 when she was still involved with Metanoia. I was doing my counselling course and started doing group therapy with her. She was an attractive, charismatic and imposing woman. One could really feel her presence. Her intelligence and knowledge was far beyond everybody else. She became my tutor and my mentor and was my inspiration to study for a psychology degree. Her support and help was instrumental to my success. She had a great sense of humour and was a unique character who will always be in my life and I am grateful for that.
