

In someone else's shoes am I until I find my own . . .

Turning, slowly head seeing
Winding long behind her
The queue.
Who will I call? Who comes next?
Who?
Deserter tumbles forward. Old. Sad.
Pa? Pa?
He will not look and not looking will not see.
LOOK !
Slow motion - scream through her cunt - I hate you -
screams blood screamed cunt -
Angry, angry bastard!
Oh christ, help me, help me!
Life there! - try there - foot first there - in his shoes there!
Change around - change.
- his burden she wears
Body knowing size and shape so well
Grasps anger that was his
Love me love me love me spoke she as he - he as she.
Now steps out of his shoes - mouth opened and my tears fell
Such tears fell.
I have a you in me
I have a me
I am.
Turning slowly my head, see my longings.
Come, come my dearest self, who shall we call next?
